

# Zoom-in Directions

This device is LPS property. It is important that the Chromebook (1), full charger (2), and bag are all returned to school immediately when students return to in-classroom participation.

## 1. Student Credentials

**USER NAME:**

**PASSWORD:**

## 2. Power the Chromebook On

Open the device lid. If necessary, power on the device by clicking the  key found at the top-right corner of the keyboard. If the screen does not wake, plug the charger into the Chromebook and a power outlet for 30 minutes or longer and try again.

## 3. Log Into the Chromebook

Click the “Next” button on the screen and enter the student’s LPS username & password, as listed above.

## 4. Connect to WiFi

Once the student signs onto the device with their **LPS username & password**, it can  connect to your home Wi-Fi by clicking the icon in the bottom-right corner of the screen and selecting the network you wish to join.

## 5. Connect with your Teacher

1. Launch **Google Chrome**.
2. If you do not see the LPS Portal, click the **Home** button in the toolbar.
3. Click on **StudentVUE**
4. Click the green **Join** button to join the teacher’s Zoom meeting at the designated time.

**If you don't see the green Join button:**

- Press the **refresh** key on your keyboard.  
*or...*
- Click the **Calendar** menu on the left,
- Click the **blue link** above your teacher’s name,
- Click **Join Meeting** in the window that appears.

### Important things for parents to know:

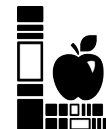

For guidance on learning remotely in LPS, visit [www.lps.org](http://www.lps.org) keyword: **remote**

Chromebook help can be found at [www.lps.org](http://www.lps.org) keyword **r9yd** or you may contact the LPS Help Desk at **402-436-1735**.

All internet access on this device is routed through the LPS web filter.
